OUR VALUES

Our values guide everything we do. They are the foundation of our culture and the driving force behind our success.

Building businesses ethically and safely

We do what is right. Nothing takes precedence over safety. Corporate responsibility guides us, and we act with integrity and respect toward each other and everyone with whom we work.

Invest in people

A world-class company begins with a world-class team. We strive to attract and retain great people. We provide opportunities for collaboration and growth that benefit our employees and positively impact their families and communities.

Inspire customers through innovation

We serve our customers best when we listen to and learn from them. Through collaboration we design and deliver exceptional products that meet current needs, anticipate future needs and exceed expectations.

Deliver on our promises

Reliability and quality are essential to our products and our relationships, driving us to consistently honour our commitments.

Improve everyday

We tirelessly pursue excellence. Our dedication to constant improvement spurs innovation, advances our industry and delivers value for our customers, partners, investors and employees.

OUR KEY MILESTONES

1968

Establishment

Don Summergreene established Trend in Girraween, NSW, initially manufacturing Western Red Cedar windows and doors.

1970s

Aluminium innovation

Introduced aluminium sliding windows, pioneering double-hung and awning designs with the patented Ovolo Glazing System.

1980/90s

Expansion into new markets

Acquired Vincent Windows, Crestlite and Framex, adding more variety to Trend's products and services. Expansion across the east coast of Australia.

2000s

Setting industry trends

- Launched the Quantum Series and relaunched the Crestlite Series, setting new industry benchmarks with modern aluminium architectural and commercial windows and doors.
- Vertical integration of Fenestra Hardware Specialists and the Trend Glass facility.

2010s

A new trend experience

- Trend launches its first flagship showrooms in Hawthorn, VIC and Fortitude Valley, QLD.
- Introduced Textura colour range and relaunched the Botanica Timber Series.

2020s

Leader in energy efficiency

Platinum Equity acquires JELD-WEN Australasia and rebrands the parent company to VENTORA. Trend brings to market their thermally broken suite of products, and the world's first ThermoHybrid.

TODAY & BEYOND

Trend Windows & Doors remains a leader in innovation, delivering high-quality, energy-efficient solutions for the modern building industry.

The Bailey
Luxury Boutique Apartments
WEST END, QLD

SPRINGS COUNTRY CLUB, PALM LAKE RESORT

Location: Pelican Waters, QLD

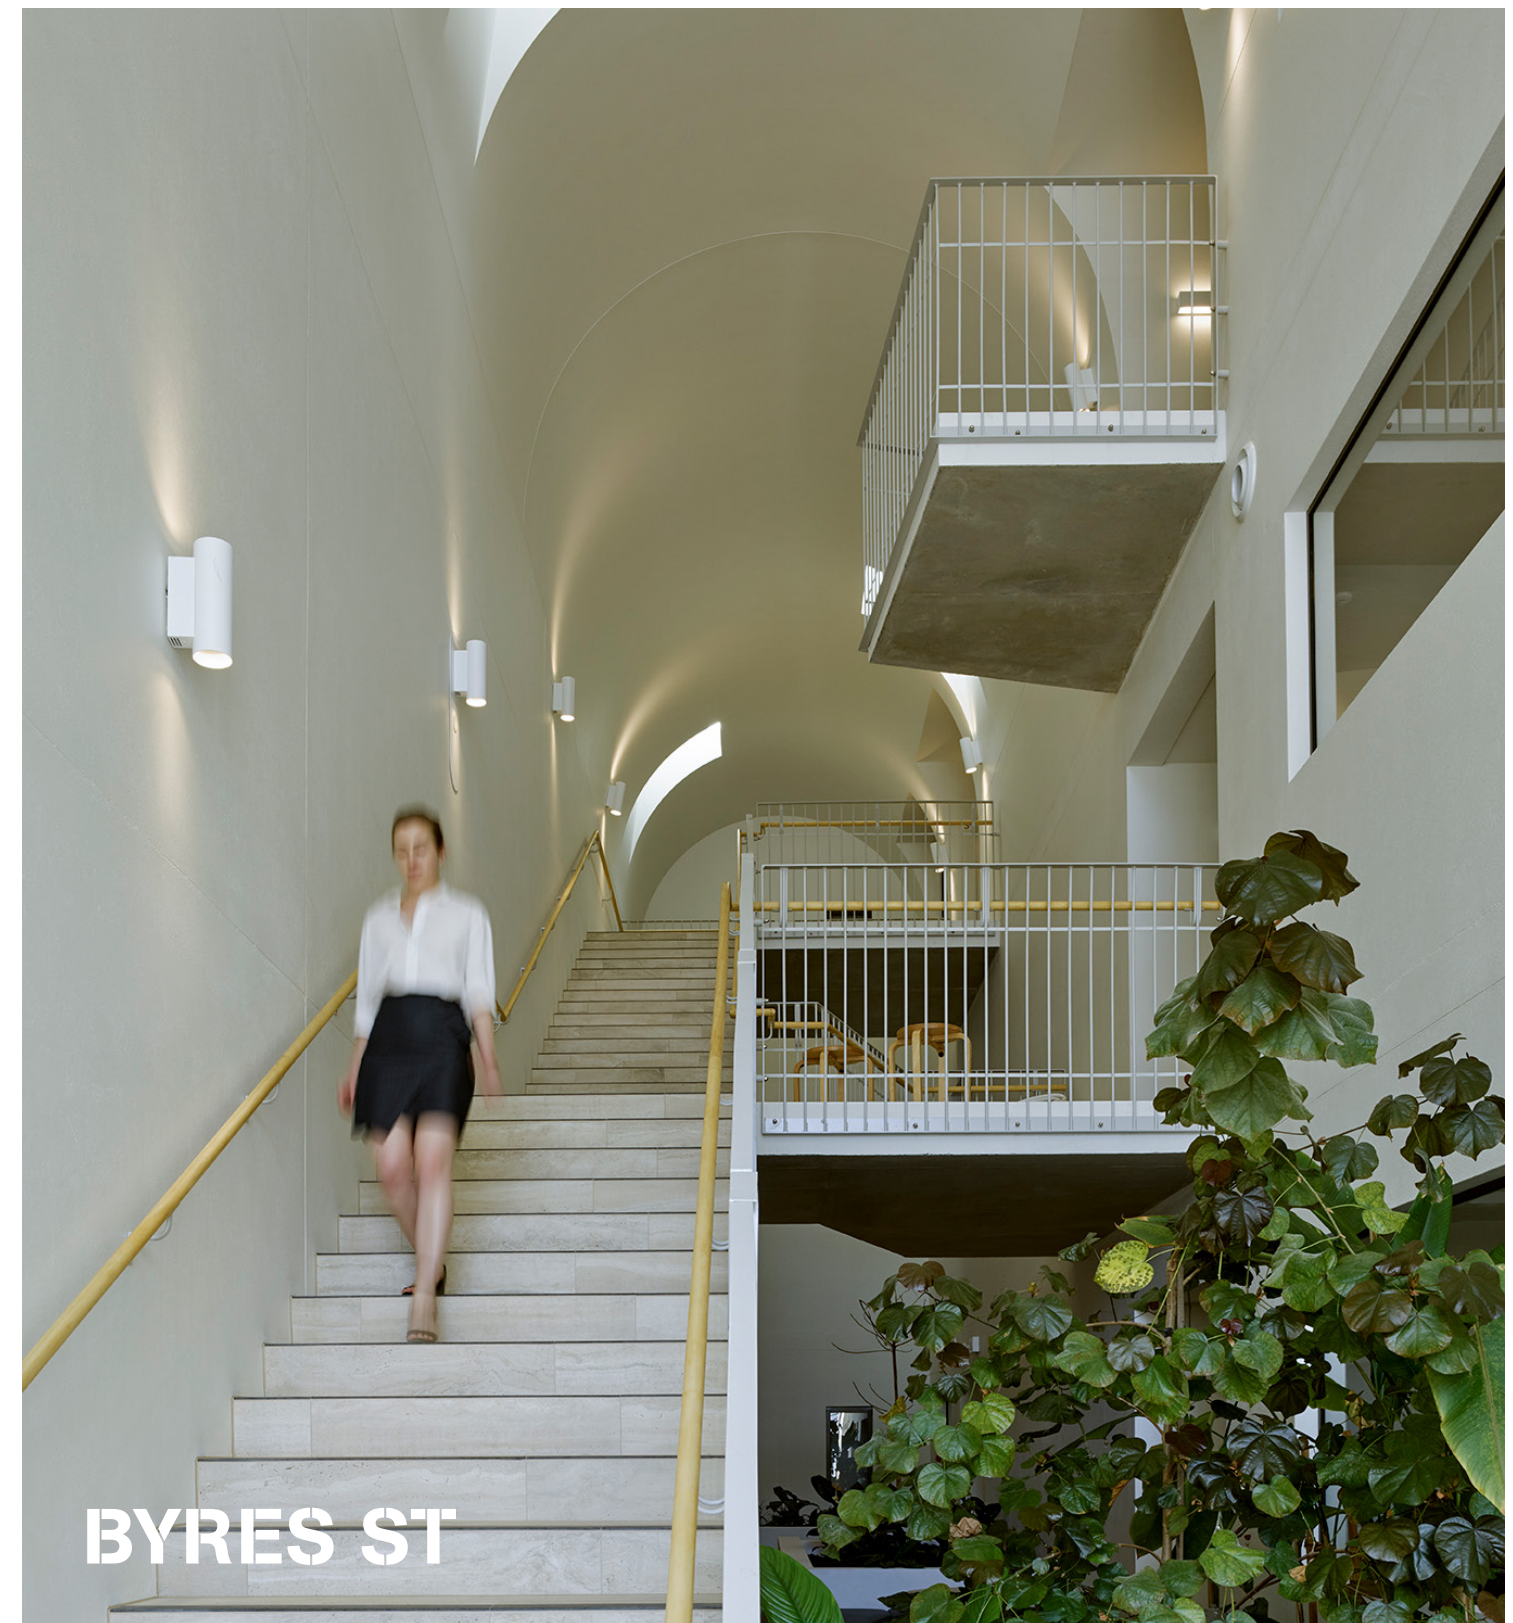

Type: Retirement Living

Builder: Palm Lake Group

Year completed: 2025

Services: Manufacturing of Windows and Doors,
On-site Glazing, Installation of Windows and Doors

The Springs Country Club project saw Trend tasked with supplying and installing approximately 1,500 square metres of windows and doors with specialised glazing. The project required precise coordination of delivery and installation teams across three stages over nine months. Trend's experienced team managed complex elements including large frames spanning two floors, powered Breezway Louvres, and automatic doors with flush thresholds to meet accessibility requirements.

BYRES ST

Location: Newstead, QLD

Type: Commercial Office Space

Builder: Limitless

Year completed: 2019

Services: Custom Design and Engineering of Windows and Doors, Manufacturing of Windows, Doors and Custom Frames, On-site Glazing, Installation of Windows and Doors

The Byres Street commercial development presented Trend with a unique challenge - creating a striking façade featuring a large, custom commercial arched window that was non-negotiable in the design. This project required innovative solutions, and extensive design and engineering work to ensure structural integrity and the desired aesthetic. The award winning design remains an iconic working hub in Newstead, Queensland.

PERSPECTIVE ON ALBATROSS

Location: Mermaid Beach, QLD
Type: Multi-Residential Apartments
Builder: 5 Point Projects
Year completed: 2024
Services: Manufacturing of Windows and Doors, On-site Glazing, Installation of Windows and Doors

The Perspective on Albatross project showcases Trend's expertise in delivering high-end window and door solutions. It required careful integration of aluminium products to create a seamless connection between indoor and outdoor spaces. Trend's team provided expert consultancy, helping to realise the client's unique vision while ensuring energy efficiency and performance standards were met.

BMW SOUTH COAST

Location: Wollongong, NSW

Type: Commercial Showroom

Builder: Coastline Group

Year completed: 2024

Services: Design Adaptation, Manufacturing,
Installation, Custom Fabrication, Project Management

This project showcases Trend's expertise in delivering premium glazing solutions for luxury automotive retail spaces. state of the art facility demonstrated Trend's ability to execute complex commercial design and installation projects that meet the exacting standards of global brands. Despite joining after the design phase, Trend's team demonstrated exceptional adaptability and technical knowledge.

Location: Wacol, QLD

Type: Industrial

Builder: Tomkins Commercial

Year completed: 2021

Services: Manufacturing of Windows and Doors,
On-site Glazing, Installation of Windows and Doors

The Komatsu project involved Trend providing extensive glazing solutions for a new industrial complex. They supplied and installed over 1,000 square metres of glazing throughout the building, including a distinctive curved glass façade. The project presented unique challenges, particularly with the installation of very large glass panels. Trend's team worked closely with the architects and builders to ensure precise alignment with the building's structural elements while maintaining the design integrity. Their contribution helped create a modern workspace that showcases Komatsu's brand identity while providing functional, energy efficient solutions.

E-CO

Location: Newstead, QLD

Type: Commercial Workspace

Builder: Blackwatch Projects

Year completed: 2021

Services: Manufacturing of Windows and Doors,
On-site Glazing, Installation of Windows and Doors

The E-CO project is a four-level commercial workspace. Trend contributed significant glazing solutions to this distinctive building, which features internal gardens on every floor surrounded by glass. The project presented unique challenges including installation of a glass roof and awning in close proximity to power lines. Trend's in-house engineer designed custom solutions, coordinating with energy providers to ensure safety during installation.

Location: Palm Beach, QLD
Type: Multi-Residential Apartments
Builder: Cru Collective
Year completed: 2021
Services: Design and Construct Glazing, Project Management, Installation of Windows and Doors

The Siarn project features 16 luxury beachfront apartments designed to maximise ocean views. Trend delivered custom glazing solutions, including large corner stacking doors, to create seamless indoor-outdoor living. The project required precise engineering and coordination to overcome access limitations and meet high acoustic and energy performance standards. All glazing featured Low-E laminate, ensuring optimal efficiency and comfort in a coastal environment.
